 TEACHER

TO PARENT OR GUARDIAN

You should receive this report about the end of each six weeks period. For beginning pupils it will not be sent until the end of the first twelve weeks. It represents the best efforts of the school to give you information about your child's school life. Its value depends on the interest you manifest in it.

Parents are requested to make a careful study of the information contained in this report and discuss it with the child. The teachers will be glad to cooperate with parents in interpreting and using this information. Special attention is called to the seriousness of irregular attendance and tardiness. The child loses interest in his work and his progress is interrupted often causing failure of promotion.

Please sign this report and return it to the teacher the next time the child comes to school. The signature is not necessarily an approval of the report, but is intended as evidence that the parent or guardian has examined it.
