Dear Bill,

Right now I'll bet you couldn't guess what I'm doing — yes, I should be studying, but the books are closed and my records are on. Thank you so much for the nice album of Jackie Gleason music; I have played them over and over. They arrived last week, and Mother gave them to me when I got home last weekend. — I have played those records ever since. Everyone else on this floor likes Jackie Gleason, too; there has been swarms of people in listening this whole week!

What are you doing now, are you still going to school? Bet there is plenty of snow around you these days. Our weather has been cold, but of course we don't have any snow.

I like F. S. U. very much, but this book work gets rather tiring sometimes. Oh well, I'm over here to learn, and I

guess it is only natural to be tired  
occasionally.

Must stop here and get busy.

Thanks again for the nice birthday  
gift - I sure am enjoying those  
records!

Sincerely,  
Winona

Dear Billy

I hope this envelope  
is what you want.

I am transferring  
in about an hour. Hope  
to be home before long.

Love
